

AFLAC CRITICAL ILLNESS INSURANCE

Critical Illness Insurance for those enrolled in Bronze and Bronze Plus medical plans only

When illness strikes, you can strike back.

If you enroll in either the Bronze or Bronze Plus coverage level, you will be automatically enrolled in a \$5,000 company-paid critical illness benefit through Aflac. Each spouse and child will have \$2,500 of coverage.

Critical illness insurance pays you a benefit if you or a covered family member is treated for a major medical event (such as a heart attack or stroke) or diagnosed with a critical illness (such as cancer or end-stage kidney disease). It is not a replacement for medical coverage.

Visit www.aflacgroupinsurance.com or call **1.800.433.3036** for more information.

How Does It Work With Medical Insurance?

If you suffer a heart attack, for example, the plan would pay you the full \$5,000* to be used for anything you need, including a deductible, coinsurance, or long-term rehabilitation.

*Critical Illness has state variations, exclusions, and limitations. Visit www.aflacgroupinsurance.com or call 1.800.433.3036 for more information.
